Teaching Assistantships and Responsibilities

<i>Fall 2018</i>	Great Moments in Astronomy (AST210) Held office hours; managed student emails and online discussion board; marked assignments; invigilated midterm; marked final exam.
<i>Winter 2018</i>	Life on Other Worlds (AST251) Marked assignments; marked midterm and final exam.
<i>Fall 2017</i>	Great Moments in Astronomy (AST210) Held office hours; managed student emails and online discussion board; marked assignments; invigilated midterm; marked final exam.
<i>Winter 2017</i>	Stars and Galaxies (AST201) Led interactive discussion-based tutorials; marked project proposals and final projects; led telescope observing night; invigilated midterm and final exam.
<i>Fall 2016</i>	Stars and Galaxies (AST101) Led interactive discussion-based tutorials; marked project proposals and final projects; led telescope observing night; invigilated midterm and final exam.
<i>Winter 2016</i>	The Sun and its Neighbours (AST201) Managed student emails and online discussion board; marked assignments; led telescope observing night; invigilated midterm and final exam. Great Astronomical Issues (PMU199) Assisted students with in-class course material; held office hours; marked project proposals and final projects; managed student emails; gave feedback on final assignments.
<i>Winter 2015</i>	Stars and Galaxies (AST201) Led interactive discussion-based tutorials; marked project proposals and final projects; led telescope observing night; invigilated midterm and final exam.

Student Mentorship

<i>2018 — 2019</i>	James Lane (University of Victoria) Incoming PhD student
<i>2017 — 2018</i>	Colleen Gilhuly (Queen's University) Incoming PhD student Victor Chan (University of Toronto) Incoming PhD student

Evidence of Teaching Effectiveness

"Astronomy may seem intimidating, but it is due to T.A.s like yourself who help students learn and understand its content. I am grateful for all your extra office hours and advice throughout the semester." (PMU199 and AST201, Fall 2016)

Professional Development in Teaching

<i>2016</i>	TATP Program: Active Learning in Discussion-based Classrooms , UofT
<i>2015</i>	TATP Program: PowerPoint and Beyond: Using Visual Aids in the Classroom , UofT
